

Folds of Honor Biplane presented by Discount Tire
Performance Narration
Time 9:00

Ed: Freedom is not free. Angie: Freedom is not free
David: Freedom is not free Jodi: Freedom is not free.

Ladies and Gentleman that's my family, and this is Ed Hamill and today I'm flying the Folds of Honor Biplane presented by Discount Tire to help celebrate the American family.

The Folds of Honor Foundation provides educational scholarships to the family members of fallen or disabled military and first responders while serving the cause of freedom. The mission at Folds of Honor has never wavered; Honor their sacrifice, Educate their legacy. Last year alone, Folds of Honor gave 42 million dollars into the education system!

Discount Tire has joined the mission at Folds of Honor as the presenting sponsor of the Folds of Honor Biplane. Since 1970, Discount Tire has grown into the nation's largest independent tire and wheel retailer operating more than 1,100 stores in 38 states.

With the support of Discount Tire, Folds of Honor is committed to leaving no military or first responder family behind on the field of battle and here at home. The real return on our investment is serving these heroic families. While military and first responders sacrifice, their families sacrifice as well. At the end of the day, its way more than a scholarship, this is where sacrifice meets hope.

While military and first responders sacrifice, we remember the families that support them. Folds of Honor gives way more than a scholarship, they provide a life changing education...this is where

sacrifice meets hope. So look up as I skydance in the Folds of Honor Biplane presented by Discount Tire, and enjoy the show as we celebrate the American family, the foundation of this great nation of ours. Now that I've warmed up, checked my engine and tightened my seat belt, it's time to rock and roll!

So Angie, what do you think of that intro"

Angie:
Incredible.

That was a little over done, I'll take it

Allright Dad, enough of that talking. Lets see some skydancing in that Folds of Honor Biplane.

Ed:
That's my son, David. He likes good airshow flying, but he loves the mission at Folds of Honor. Lets turn it up!

Angie:
In all your talking you didn't even mention you have 30 years in the Air Force flying F-16's and combat time. I'm very proud of you Dad, and I am so very happy you are flying the Folds of Honor Biplane.

Ed:
Oh yeah, that's my daughter, Angie, and she knows that "we the people" make up this great nation of ours. As we barnstorm our way across America, we have nothing to prove, and everything to give back. With Discount Tire as a partner, let's help Folds of

Honor give back to the military and first responder families that have given us so much.

Yeah Dad, now that's what I'm talking about. You know, I do love some good airshow flying, but I love my country even more!

Well all that biplane stuff is really cool, let's not forget that since 2007, Folds of Honor has given out over 73,000 scholarships all together worth more than 340 million dollars, and of the recipients, 45% are minorities. With the help of Folds of Honor, we are able to come together as a resilient nation. And remember, this is where sacrifice meets HOPE.

The biplane, I love fabric covered wings, fly wires, a roaring engine. It represents the freedom we all have in this great land of ours. Whether its David's tumble, Angie's loop, Bruiser snap rolls, Klepto's korner, or Trojan's torque roll, each maneuver honors the American family. God Bless the USA.

Thank you for watching the Folds of Honor Biplane presented by Discount Tire. Please visit discounttire.com to find a location near you and Let's get you taken care of. You can also visit foldsofhonor.org where for just \$13 dollars a month you can join the squadron, and help provide a life changing education. As I make my final pass, remember, Freedom is not Free.

Thank you, and Godspeed.

Anything else you'd like to say Angie?

Angie:

Oh my gosh you are still recording?

Ed: Hey thanks for watching today, Angie, take it away.

Angie:
(airplane noise)
